HMK OUTDOOR COMPANY

ESSENTIALS FOR WARMTH

14 X 15

**XR WEATHERPROOFING TECHNOLOGY EMPLOYS MICROPO-  
ROUS COATINGS AND LAMINATIONS TO PRODUCE DURA-  
BLE, BREATHABLE, WATERPROOF FABRICS. THE THREE XR  
WEATHERPROOFING LEVELS ARE COMBINED WITH A VARI-  
ETY OF DURABLE SHELL FABRICS AND INSULATION SYS-  
TEMS TO CREATE WEATHERPROOF BARRIERS AGAINST  
SEVERE WEATHER CONDITIONS AND TEMPERATURES.**

**GOLD**

**LAMINATES AN ADVANCED FILM TO THE FABRIC,  
CREATING A DURABLE, HIGHLY BREATHABLE  
AND EXTREMELY WATERPROOF SHIELD AGAINST  
EXTREME WINTER CONDITIONS AND VARYING  
WINTER TEMPERATURES.**

- + Durable Waterproof laminated Microporous film
- + High water repellency and Windproof
- + Extremely breathable / vapor transmission

**SILVER**

**PROVIDES EXCELLENT WATERPROOF/BREATHABLE  
PROTECTION FOR BLIZZARD-LIKE CONDITIONS**

- + High level water repellent coating
- + High transmission of perspiration
- + Windproof

**BRONZE**

**SOLID WEATHER PROTECTION AGAINST WINTER  
CONDITIONS AND COOL WEATHER.**

- + Water and wind repellent
- + Breathable

## Outerwear TECHNOLOGY

**CASCADE  
BALLISTIC**

Cascade Ballistic 400 is the fabric of choice for durability and resistance to abrasion, tearing, and scuffing. Packaged with our XR Weather Proofing Technology, our Cascade Ballistic fabric becomes a rugged shield against the elements.  
**+ [www.xr-performance.com](http://www.xr-performance.com)**

**CORDURA**  
BRAND

CORDURA® fabric provides rugged durable performance for a variety of end uses with exceptional strength-to-weight ratio. Products made with CORDURA® fabrics feature enhanced tear and abrasion resistance, and long-lasting durability. CORDURA® fabric is designed for living and built to last, bringing with it the heritage of the CORDURA® brand which has proven performance in many of the world's toughest environments for over thirty years.  
**+ [www.cordura.com](http://www.cordura.com)**

**HMK**  
*For the Ladies*

Here at HMK we like the ladies, and we know that many of you rip just as hard as the guys. That is why we have several styles and items in our line-up that are specifically designed to keep you dry, keep you warm, and keep you looking good.

*Warranty*  
**INFORMATION**

All HMK Outerwear is covered by a two year limited warranty. This limited warranty covers materials and/or workmanship found to be defective (as determined by the manufacturer) within 24 months from date of purchase. Products found to be defective will be repaired or replaced as determined by the manufacturer. For all warranty requests and questions contact HMK at (541) 386-3262. You must obtain a return authorization number for all warranties.

### ***Patented Sympatex Membrane: Intelligent And Effective***

The secret of the high-tech Sympatex membrane is in its novel molecular structure. Unlike conventional micro-porous membranes, its structure is non-porous, because pores allow moisture to penetrate materials. Furthermore, detergent residues, dirt and salt crystals can clog pores and thus affect the durability of the membranes. The Sympatex membrane has a non-porous structure and is therefore 100% waterproof and 100% windproof. It consists instead of billions of hydrophilic (water loving) molecules that use a physiochemical process to quickly expel moisture. In other words, the Sympatex membrane offers optimal breathability and is extremely durable.

+ [www.sympatex.com](http://www.sympatex.com)

Intuition Sports boot liners have come a long way since their start in 1991. Intuition liners are the premium boot liner in the market today. Intuition understands to be truly comfortable, the liners must fit properly. At Intuition Sports, they have designed the most comfortable boot liners in the world to meet the demands at all levels. All of their liners are made from 100% ULTRALON™ EVA foam - a proprietary foam developed exclusively for Intuition Sports and specifically designed to be moldable, flexible and durable for users at all skill levels. The liner is molded into a three dimensional shape conforming to the foot on its interior and the boot shell on its exterior surface. Intuition products are used by some of the best riders in the world, including extreme freeriders, National Snocross racers, professional instructors and back-country tour guides. These people virtually live in their boots all day so they demand the best performance and comfort possible from their equipment.

+ [www.intuitionsports.com](http://www.intuitionsports.com)

- + Glove Like Fit: Boa provides custom comfort with smooth, even closure and no pressure points.
- + Powerful Secure Closure: Once locked into place, Boa reels and laces stay that way.
- + Micro-Adjustability: Boa reels offer infinite degrees of fine tuning.
- + On-The-Fly: Get easy, one-handed adjustment even with gloves on.
- + Fast: Quick on. Quick off. Boa saves time when seconds count.
- + Lightweight: Boa Closures shed water, mud, and ice, shaving precious weight.
- + Boa Technologies guarantees the Boa Lacing Systems reel and laces for the lifetime of the product.

+ [www.boatechnology.com](http://www.boatechnology.com)

Keep it Fresh Technology” Products using the AEGIS technology are protected against odor, staining, and deterioration caused by bacteria, fungus, and other microorganisms. The AEGIS Microbe Shield technology is integrated into textile products at the manufacturer and lasts as long as the products themselves. Because AEGIS never leaves, it is always there providing the protection you expect, where you expect it to be. The unique technology is durable without the use of heavy metals and does not leach onto you or into our environment.  
**+ [www.aegismicrobeshield.com](http://www.aegismicrobeshield.com)**

The Vibram brand is the worldwide leader in high performance soling products for outdoor, using rubber compounds with excellent traction and high abrasion resistance, that are lightweight, long-wearing and flexible.  
**+ [www.vibram.us](http://www.vibram.us)**

The Grip Light sole was chosen to meet the needs of the HMK team riders. What did they ask for? Lightweight, traction throughout the backcountry and on the track, stability on the running boards, and cushion for hard landings.

HMK has partnered with Vibram, the company that invented the rubber lugged sole for mountain sports back in 1937. The Vibram Grip Light - exclusively on HMK in 2010-11!

## Warranty INFORMATION

All HMK Boots are covered by a one year limited warranty. This limited warranty covers materials and/or workmanship found to be defective (as determined by the manufacturer) within 12 months from date of purchase. Products found to be defective will be repaired or replaced as determined by the manufacturer. For all warranty requests and questions contact HMK at (541) 386-3262. You must obtain a return authorization number for all warranties.
