

Cable Life Lube Spray

850-200

\$7.95-J

Cable Life is an excellent cable and general purpose lubricant that cleans, purges and lubricates in seconds. It leaves a non-drying, ultra-thin film that penetrates, lubricates, displaces moisture and prevents rust and corrosion. Special anti-wear additives help extend cable life and reduce slop. Cable Life is specially formulated to work in all temperature extremes including blistering heat, high humidity or arctic temperatures down to well below 0 degrees Fahrenheit. The cold weather protection makes Cable Life especially effective in protecting cables from freezing in the open position and in preventing snow and ice buildup on ignitions, carburetors, steering and other mechanisms.

Cable Luber

850-5000

\$22.95-J

The Cable Luber power injects the lube into the cable with no spill-over or mess. Just attach the Cable Luber to either end of the cable, insert the snorkel & press the button. The cable will be cleaned, purged and lubricated, leaving a non-drying, ultra-thin film.

- NEW improved design now accepts larger cables up to 3/8 inches in diameter
- Two screw clamp for a tighter, more secure fit.
- The easy way to lubricate the cables on your motorcycle.
- Cables need not be removed from the bike.

Econo Cable Luber

850-500
