

AIR FILTER OIL & SPRAY

Foam Filter Oil

805-6000

\$21.95-J

Bel-Ray's Foam Filter Oil formula will ensure full engine protection and performance. Superior tackiness traps air filter dust, dirt and even water. Waterproof formula won't wash out, gum or clog. Dark blue color makes it easy to see when filter is thoroughly covered and dries quickly so you'll be up and running sooner.

- For all foam-type air filters.
- Bel-Ray's super viscous formula traps dust & dirt to help prevent engine damage.
- Waterproof & will not gum-up or clog when wet.
- Dark blue color makes it easy to see when filter is thoroughly covered.
- 1 L bottle

FFO Foam Filter Oil Aerosol Spray

831-2200

\$16.95-J

FFO is formulated with synthetic base oils and special tackifier additives preventing moisture and abrasive elements from passing through foam filter elements and entering the engine. FFO is easy to apply and will not dry out, drip or run. FFO improves air flow and will not gum up or clog foam passages.

For use on all foam filter elements.

- 1 Litre (12/case)

Twin Air BIO Liquid Power Filter Oil

850-7102

\$30.95-H

- Developed and produced by Texaco exclusively for Twin Air.
- Exceeds the strictest standards on biodegradability by 16%.
- Starts thin for a deep even penetration and dries to an even coating high tack shield that traps dirt, dust and grit.

Twin Air Liquid Power Filter Oil

850-7112

\$28.95-H

- Specially formulated to go on as a liquid for easy filter penetration.
- Solvents in the oil dissipate quickly; leaving a sticky, dirt gathering oil on your filter for superior protection.
- Can be used on all types of foam and air filters.
- Allows maximum breathing without allowing harmful dirt to penetrate the filter.
- 1 litre can

K & N Air Filter Charger Oil

K&N Air Filter Oil is the only oil specially formulated to work in combination with the cotton fabric in K&N Filtercharger® elements providing a superior air filtration system. When used as directed, it quickly penetrates the filter pleats, where it remains suspended in the cotton fabric. Saturation is maintained until the element is cleaned with K&N Air Filter Cleaner.
