

BEASTGEAR

UNITUX CHEST ARMOR

FULL SLEEVE CHEST ARMOR

\$189.95-H

The Beastgear UniTux is designed for protection!

The Beastgear UniTux is designed for protection! The UniTux Upper Body Armor comes in two styles - long sleeve and short sleeve. Designed to fit both men and women!

- ✓ Designed with ventilated polyester spandex fabric, with a secure fit, that is tough against wear and ripping, easy to wash
- ✓ The chest and abdomen areas have two layers of high-density perforated foam with high impact polyethylene strips. Designed to articulate with your body for comfort and protection
- ✓ Removable adjustable spine protector
- ✓ Dual synch kidney belt
- ✓ 6 mm (1/4") thick elbow and forearm protection, designed similar to hard hat technology - there is no direct impact to crucial areas.
- ✓ Air vents on the side of the elbow and the forearm expel air when there is an impact, preventing bruising, piercing and broken bones. Internal bruising is caused by vibration and external bruising is caused by air impact. Therefore the Beastgear system prevents both!

BEASTGEAR

BAREBACK LEG ARMOR

LONG LEG ARMOR

\$89.95-H

The Bareback system offers the ultimate in protection with their high-density perforated foam & high impact molded polyethylene shell. The four-strap system offers a secure and comfortable fit.

- ✓ 6 mm (1/4") thick knee and shin guards designed for high impact protection - the thickest on the market
- ✓ Cool max high-density perforated foam
- ✓ 4 strap system
- ✓ Knee and shin molds are designed similar to hard hat technology - there is no direct impact to crucial areas.
- ✓ Air vents on the side of the knee and top of the shin expel air when there is an impact, preventing bruising, piercing and broken bones. Internal bruising is caused by vibration and external bruising is caused by air impact. Therefore the Beastgear system prevents both!

BEASTGEAR

ONE-PIECE RAINSUIT

Ride Hard! Ride Safe!

Wear Beastgear for the Ultimate in Protection!

\$67.95-H

- ✓ Sealed seams - 100% waterproof and windproof.
- ✓ Made from a heavy duty teffeta twisted woven fabric designed both for comfort and functionality (same waterproof material that many umbrellas are made from).
- ✓ Incorporates the "easy fit" neck to knee diagonal front zip opening for comfort and minimizing "puffing" when riding in the wind.
- ✓ Reflective Scotchlite striping for added visibility at night or in foul weather.
- ✓ Zippered leg cuffs feature an additional velcro closure for maximum comfort and protection from the elements.
