

# DOLLIES

## Big Wheel Shop Dolly

665-0346

\$359.95-H

The "Big Wheel" Sled mover has a number of distinct advantages over the standard design. The most obvious is the larger diameter, narrow profile wheels that provide ease of motion and maneuverability over all sorts of obstacles. The high-pressure tires withstand the extreme weight of even the heaviest sleds. The "swept-back" design aids in leverage for easy lifting.

- Larger Wheels with narrow profile allows easier movement and handling
- Large diameter heavy gauge tube construction
- Swept back design for easier lifting
- Quick, adjustable lift strap
- Rubber protected lift tubes

## Pro 2-up Shop Dolly

665-0348

\$289.95-H

Designed for use with 2-Up Snowmobiles but will work on all standard snowmobiles

- Fits sleds 38 to 44" wide
- Heavy duty U-shaped handle and reinforced frame
- Soft rubber lift pads protect sled

## Tough Tork Shop Cart

665-0347

\$199.95-E

Does not interfere with machine when loaded. The cart does not come in contact with the backrest, seat, side panels or hood. This eliminates the possibility of scratching, denting or damaging the backrest or seat cover.

- Can be loaded by yourself - with only 40 lb. of effort.
- Pulls and Rolls very easily - one hand operation.
- Stands upright by itself - for spaced saving storage.
- Used to keep sled off the ground - for summer storage.
