

## LIFTS AND STANDS

### Risk Racing RR1 Ride-on Lift

665-77829

\$179.95-H

No more lifting and grunting, or trying to kick a motorcycle lift under your bike. Simply push or ride the bike onto the lowered lift. As the front tire touches the front plate, the lift goes into action rising to the bottom of the motorcycle frame. Step on the foot pedal and your bike will rise effortlessly into a secure position. Getting your bike down is just as effortless and simple. Just kick the release with the heel of your boot and roll the bike off the lift.

- Ride off the track and directly onto this motocross lift
- Sturdy construction and powder coat finish
- Large, durable rubber mat on top to grip the bike
- Lockable in the up or down position
- Oil drain hole
- Lightweight, only 17 lbs
- Works with Motocross specific bikes 125 cc-450 cc

### Mini RR1 Ride-On Lift

665-77859

\$109.95-H

The RR1 MINI motocross lift has all the great features as the full size RR1 packed into a smaller design for Race MINI's and pit bikes.

The RR1 MINI works with popular mini race bikes and pit bikes, such as the KTM 65, KX 65, KTM Senior 50, Cobra 65, pit bikes, etc... (not smaller bikes such as stock XR 50's, PW 50's).

The RR1 Mini works best on bikes which have a wheel base between 38"- 46" and a ground clearance between 10"-12.5". Check your bike's stock specifications.

- Framework is made of high-strength, powder-coated steel

## LIFTS AND STANDS

### Universal T-Frame Track Stand

665-9014

\$41.95-H

- Great for storage when not in use
- Designed to keep weight off the rear suspension
