

GARAGE STORAGE SYSTEMS

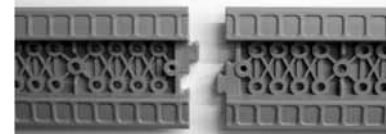

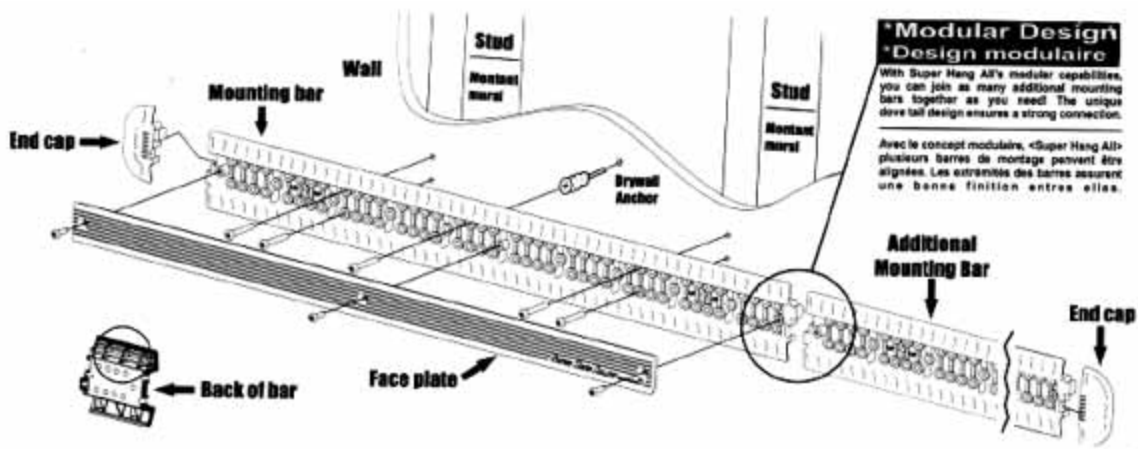

Super Hang-All

Features a modular design that allows for multiple mounting bars to be joined together. The unique dove tail design ensures a strong connection. A single Super Hang-All bar is capable of holding up to 120 lbs. Or 55 kg. Place hooks and Cam Holders on the mounting bar to serve all your needs. Ideal for hanging electrical cords, air and water hoses, ropes, chains, tie down straps, shafted hand tools, ladders, etc.

- Made from highly engineered industrial grade material.
- Use in the shop, garage, shed, or your trailer.
- Each bar can hold up to 120 lbs/55 kg.
- Mounting bar comes with 2 end caps, mounting bar, face plate, and mounting anchors.
- Mounting bar is 26" long (28" with end caps added) and 3" wide
- 5", 7" and Cam Holders (purchased separately) are added to your mounting bar to meet all your mounting needs.
