Risk Racing Seal Doctor

\$27.95-H

The Risk Racing Seal Doctor removes the dirt that typically causes a leaky fork seal...And you can do it right at the track or on the trail!

The majority of fork seals leak due to dirt being trapped in the seal. Obviously this leak will affect the suspension tuning of your bike. It can also soak your front brake pads creating unsafe riding conditions.

Just snap the Seal Doctor on your fork tube, insert it into the leaky seal and twist. The design of the Seal Doctor maintains the proper position and angle as you rotate around your fork tube. It effortlessly pulls the dirt out of the fork rather than pushing it deeper into the fork.
