

PROGRIP

MX GRIPS TRIPLE DENSITY

PRO GRIP #788 Triple Density Extra Slim

\$21.95-J

- Firm on the inside, gel density towards the palm of your hand and medium density on the ends
- An even stronger inner sleeve to help minimize grip movement, while providing both a soft gel material and a harder material where needed.
- 115mm

PRO GRIP #791 Triple Density

\$19.95-J

- Firm on the inside, gel outside, medium in the middle
- Riders are always looking for solutions of SOFT GRIPS that don't slip on the bar. The rule in grip design is that the softer the material the more the grip will slip against the bar. ProGrip decided to design an even stronger inner sleeve to help minimize grip movement. And so, the first TRIPLE DENSITY GRIP was born.
- 115mm
