

## RIDGID MOUNT SADDLE BAGS

Designed for a perfect custom fit with a molded ABS plastic back and bottom support that mounts directly to the frame or struts. Specific fit applications hug the frame; every bag is specially built to fit each bike model perfectly. Designed for heavier loads and maximum durability. Inner stiffeners and rigid back maintain bag shape even when empty. Carefree design is waterproof and cleans easily with a damp cloth. All hardware is included and bags have integral built-in turn signals as required.
