

GRIP WRAP GEL GRIPS

RSI GRIP WRAP GEL GRIPS

Self adhesive grip tape to fully wrap your handlebars and hooks with a seamless finish. High traction outer synthetic rubber keeps grip even when wet or cold. Zorbicon Gel absorbs vibration for a smoother feel at the handlebars.

- 46 1/4" long to accommodate all grips over the hook handlebar set ups. Works with grip heaters.
- Self adhesive back requires no glue.
- Sold per pair.

Black Gel Grip Wrap (pair)

781-4300

Camo Gel Grip Wrap

781-4301

\$24.95-H

MX GLOVES & PAL PROTECTORS

CARBIDE PERFORMANCE MOTO GLOVE

\$36.95-H

These innovative, lightweight gloves are sewn with the fingers in a pre-curved position, to prevent tightening of the gloves as the rider flexes and bends their fingers to grip the handlebars more tightly in those intense moments pushing for the holeshot. The Carbide Motocross Gloves also feature reinforced thumb panels to make them more durable, allowing them to hold up against heavy abuse when the rider is competing in a race, trail riding deep in the woods, or practicing on a local track.

- Lightweight, flexible, and reliable; but also reinforced, durable, and aggressive
- Made of 3D Stretch I-Span which allows for superior movement and airprene fabric for maximum breathability
- Silicone Coated Single-Layer Palms and Fingertips for the best possible gripping potential
- Lycra knuckle reliefs provide the rider with increased flexibility

* **FOR PROPER FITMENT WRAP A FLEXIBLE TAPE MEASURE AROUND THE WIDEST PART OF THE HAND. DO NOT INCLUDE YOUR THUMB**

HAND WIDTH	SIZE	TCI PART #
5 - 7"	X-Small	476-00124
7 - 8"	Small	476-00125
8 - 9"	Medium	476-00126
9 - 10"	Large	476-00127
10 - 11"	X-Large	476-00128
11 - 12"	2XL	476-00129

PALM PROTECTORS

\$8.95-K

Motocross and trail riders are all too familiar with blisters. Palm Protectors are a very thin, protective layer offering full coverage protection of the palm as well as the saddle area between the index finger and thumb. The Palm Protectors also aid in reducing the dreaded "Arm Pump" by absorbing vibration transferred through the handlebars. Worn under the gloves, riders don't even notice the ultra thin Palm Protectors, but they do recognize the vibration reduction and much needed protection against blisters.

- sold in pairs

SIZE	TCI PART #
