

## OIL FILTER

- Modern synthetic filter media, designed for ultimate flow with less pressure drop, yet engineered for outstanding filtration to meet or exceed all OEM specifications. Compatible with all of the latest synthetic engine oils and unaffected by racing fuels.
- All K&N 'spin-on' oil filters feature a heavy -duty metal can with a 17 mm nut affixed onto the end that allows for easy installation and removal. The 17 mm nut is crossed-drilled so racers can safety wire the filter to their bike.
- Includes a new high-quality rubber anti drain back valve
- An improved pressure relief valve
- A strong inner core
- A heavy-duty base plate with an improved rolled seal

### *Horsepower in a Box!*

Emgo's microglass oil filters stop almost 100% of the harmful particles inside your engine! Regular filter media traps particles over 20 microns in size. Emgo's synthetic microglass media traps particles over 10 microns in size while offering superior filtration and oil flow. Emgo's dyno testing has shown a horsepower increase. Available to fit a wide variety of applications.

### *Designed and Manufactured from the Finest Filter Paper*

- Filter material is a composite of paper pulp, other fibers and resins which are processed to produce extra thickness and density to provide a High Filtration Yield.
- Filter material is fluted to it's maximum or to the required OEM numbers. The more fluting in the filter, the higher the filtration efficiency
- Oil filters designed from the finest filter paper that traps even the smallest particles, each filter comes complete with a sealing ring where necessary.
- Spin on filters are now available for all the very latest models.

### *Fram Exceeds Expectations*

Fram has been around longer than most folks have been riding. Fram filters have a filtration rating of 10 microns so they really filter out the crud that can damage a motor. Fram filters help extend the life of a bike's high temperature, high RPM engine, a fact we'll use in future advertising. Use of Fram filters does not void the bike manufacturer's warranty.
