

Trail Torquer Pipes

Designed for heavy pulling and tight trails
 Produces 43 HP at 6250 RPM (5 HP over stock)
 Delivers awesome stump pulling bottom end torque

Top End Pipes for 400's

Bolt on a 25 % power increase!
 This pipe produces 48 HP at 6500 RPM (10 HP over stock).
 Delivers aggressive midrange acceleration and strong bottom end torque.

- Use with Aaen's aluminum silencer or forestry approved spark arrestor silencer and clutch kit.

4 Stroke Megaphone Muffler

Hit the throttle and experience quick throttle response and hard acceleration. This muffler has a true megaphone with a reversion baffle that improves cylinder filling and adds 5HP to your power curve.

- Also available: Supertrapp spark arrestor kit is forestry approved for use in national parks.
