Balaclava \$6.25-J

100% POLYESTER / COTTON 475-6550
100% SILK / COTTON 475-6551

- Wicks away moisture from skin; protects face, head & neck from the cold.
- Can be worn comfortably under helmet without affecting helmet fit.
- Extra long neck to provide protection from wind or frostbite.
- One size fits all.

Neoprene Mask \$9.95-J

MEDIUM 475-6471 LARGE 475-6472 XL 475-6473

- 90% Neoprene/10% Nylon
- Form-fitting nose extends completely over end of nose. Vents at mouth, nose and ears. Unrestricted breathing helps to prevent fogging.
- Extra thick 3 mm 100% neoprene. Covers cheek bone and temple area and fits goggles. High velcro closure on the back of the head helps hold the mask tightly around the lower perimeter.
- Designed to be worn with full face helmet.

Racer Cone Face Mask \$9.95-J

TCI#475-6530

- 85% Rubber/15% Nylon
- Nylon knit laminated to foam.
- 2 side snaps for perfect adjustment.
- Special cone for improved ventilation
- One size fits all.

Racer Contoured Face Mask \$12.95-J

TCI #475-6570

- 85% Neoprene/15% Nylon
- Nylon knit laminated to foam.
- Elastic strap secures mask to face.
- Large exhaust vent.
- 7" long dickey for maximum throat protection.
- One size fits all

Neoprene Mask \$19.95-J

TCI # 475-6552

- 95% Polyester Balaclava
- 5% Spandex Nose
- One size fits all
- Protects against cold and wind

Rider Mask - Full Face Helmet \$15.95-J

TCI# 475-6461

- 70% Neoprene/30% Nylon
- Super breath deflector.
- The concept is to eliminate the fog from forming on all glasses, goggles and shields by redirecting your breath from your helmet.
- Wearable with open face helmet
- One size fits all.

Fog Free Balaclava \$19.95-J

TCI # 475-6258

- Polyester and neoprene
- One size fits all
- Super breath deflector
- .Eliminates the fog from forming on all glasses, goggles and shields by redirecting your breath from your helmet.

HMK Terramar Base Layer

This engineered dual layer, knit of spun and filament yarns, traps air for improved insulation and moisture transport. Our exclusive ec2 Qwik-Dri electrostatic process permanently modifies the fiber, which improves it's ability to quickly move and release moisture, keeping you dry, warm and comfortable. Microthermal is an ideal medium weight base layer for all cold weather activities.

SAFETY

Whips

The design incorporates a 1/4" Fiberglass Rod within a Polycarbonate Tube to help stiffen the whip while protecting the user from fiberglass fragments and the breakage of the fiberglass.

The Base of the Whip is inserted within the 2 inch Stainless Steel Base Spring to provide extra strength when operating in thick brush where the potential to break the ordinary fiberglass whip may break becoming a lethal weapon. The Mounting is provided with a 3/8" Stainless Steel fine threaded locknut and washer.

The "High-Vis" Orange Flag incorporates a White Reflective Strip with Phosphorous "Glow in the Dark" material that will give off light for up to 6 hours after dark

DESCRIPTION	PART #	RETAIL
4' Whip with Reflective Glow Stripe Flag	681-1804	\$38.95-H
