

Left Hand Throttle

- Clean, safe, reliable design.
- Lever clamps around stock 7/8" Bar with included spacers, or around 1" chubby bars
- Hand warmer friendly.
- Designed to work with Micro Safety Switches in stock throttle block
- Drilled and pinned with safety lock-out pin
- Comes with 2 feet of braided stainless cable housing, sealed end caps to keep moisture out and make the cable last longer, stainless steel cable, and inline throttle cable tensioner for safety.
- For the Extreme Rider who has to have the best.
