TORCO SNOWMOBILE LUBRICANTS

S-4M Snowmobile 4-Cycle Oil

831-0131

\$9.50-J

S-4M Snowmobile 4-Cycle Oil is made using highly refined petroleum oils designed specifically for snowmobile engines. It utilizes a unique blend of specific additives and polymer systems that resist high shock loads, high temperatures, shearing and eliminates deposits. S-4M is formulated to provide maximum engine protection under extreme conditions. The S-4M formula also includes our proprietary MPZ additive that provides the highest degree of anti-wear and anti-friction for superior component life and engine performance.

Torco S-4M is recommended for use in air cooled or liquid cooled snowmobile 4-cycle engines commonly found in Arctic Cat, Polaris, Ski-Doo, Yamaha and other snowmobile 4-cycle racing engines.

- 5W/30 1L

EXHAUST

Spring Hook

- An all purpose shop or home use tool.
- Spring steel wire hook will remove exhaust pipe springs, tank or seat holding springs, cotter pins, and many other hard to access parts.
- 6" length

DESCRIPTION	PART#	RETAIL
SPI Spring Puller Tool	549-2089	\$5.95-J

ENGINE TOOLS

Circlip Installation Tool

DESCRIPTION	PART#	RETAIL
20mm Circlip Install Tool	869-0611	\$34.95-J
18mm Circlip Install Tool	869-0612	\$32.95-J

- Easy installation tool for circlips.
- Saves time and headaches from dealing with pliers and screwdrivers
- Significantly reduces damage done to the piston

Universal Flywheel Puller

860-855

\$28.95-J

Piston Pin Puller

869-0610

\$19.95-J

- Universal piston pin puller easily removes all sizes of pins without any damage to the piston.

Ring Installation Tool

869-0620

\$9.95-J

- For easy installation of piston rings by spreading the ring to fit over the piston crown.
