Ignition System Tester

722-8122

\$18.95-J

Motion Pro's ignition system spark tester is designed to test the integrity & strength of your ignition system. The larger the gap your ignition will jump, the stronger your system is. This unit will test the spark on most snowmobiles, motorcycles, water crafts, and ATV's.

- The spark gap is adjustable from 0 to 10mm.

Spark Plug Wrench

DESCRIPTION	PART#	RETAIL

Single 14mm closed end box wrench	E84-04113	\$4.95-J

TUNE-UP KIT

NGK Tune-Up Kit

355-2000

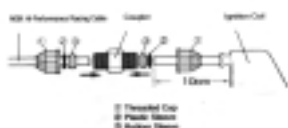

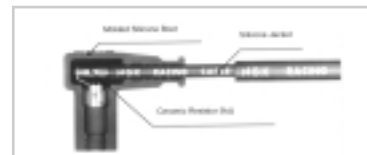

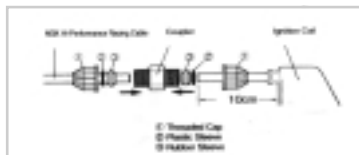

\$54.95-H

Due to today's high performance engines, we require higher output ignition wires. Together with NGK, TCI has come up with an affordable upgrade for stock machines.

Kit includes:

- 2 Race Cables
- 2 Splicers
- 4 BR9EYA Spark Plugs
- 1 Spark Plug Caddy (holds 4 spark plugs)
- 1 NGK 4" Decal

All items purchased separately would retail for over \$90.00.
You save over \$30.00!

NGK Cable Splicer

355-1030

\$7.50-J

Save the hassle when connecting new wires to a stock CDI ignition. Simply insert the lead from the CDI unit in one end, and the new wire in the other, screw the pieces together and you've got yourself a finished piece! Made of high impact plastic, this handy unit will solve all wire connection problems.
